

SENIOR CONSULTANT – MINING TECHNICAL RECRUITMENT

STEALTH RECRUITMENT has established an enviable reputation in the technical Mining & Engineering sectors and is currently preferred suppliers to many of the leading international and national clients in these sectors.

Stealth is a relatively new company with a long and experienced history. We believe in long term partnerships and have an unwavering passion for the industry. We dare to be different, set big goals and focus on leading recruitment evolution through innovative solutions. We have created a brand that can be relied on for consistent performance and we tell it as it is.

Are you tired of revolving door recruitment environments? At Stealth we are determined to be different from the pack. Instead of aiming for KPI's we aim for relationships. Instead of draconian punishment we reward success. Instead of asking

what you are doing for us, we ask what we can do to support you.

- **High base salaries**
- **Earn uncapped commission - highly rewarding & transparent structure**
- **Freedom to consult your way**
- **Flexible hours**
- **Open & supportive management style**
- **Significant training & development opportunities**

We are seeking experienced recruitment consultants to join our **BRISBANE team**. We conduct business in a relaxed but professional manner and our culture tends to suit high performers who know what they are doing and like to be treated accordingly.

We have an outstanding incentive/bonus scheme and do not believe in setting ridiculous targets - you are in control of your desk - run it your way and control your earnings.

Building long lasting relationships will be your goal. We are looking for someone with a drive to succeed, get results and grow with us.

If you are an experienced recruitment consultant within either the **Mining or Engineering sectors** and would like to consider a new approach to your work, we would be interested in talking to you.

Please forward your CV to **Michael McShane** at michael@stealthrecruit.com.au or initial confidential phone enquiries are welcomed on **(07) 3910 0011**.
